

physical therapy ADVANTAGE™

EHR & Practice Management Solution

Physical Therapy Advantage

Physical Therapy Advantage is the only totally integrated and fully customizable Electronic Health Records (EHR) & Practice Management solution designed specifically for Physical, Speech, and Occupational Therapists.

Maximize Efficiency

Increase Collections

"In the first year of using Physical Therapy Advantage we've eliminated the cost of dictation and partially or fully automated audits of patient accounts and posting of insurance payments, as well as tracking the flow of documentation between our clinic and referral sources. Our ability to gather information about the clinic has increased dramatically."

*Kevin Rogers,
Business Manager
River Valley Therapy*

Automate Documentation

Improve Compliance
