### ***What Makes Us Different?***

#### ■ **Comprehensive • Totally Integrated • Fully Customizable.**

From scheduling and billing to financial reporting and electronic medical records, Advantage includes everything you need to completely automate your office. And unlike other systems, all of Advantage's features are totally integrated into one, easy-to-use system. Advantage is also the only practice management system that can be completely customized by you and your staff to meet your exact needs!

#### ■ **SOAP notes • Certified EHR • Success Guarantee**

Switching to electronic health records (EHR) lets you spend more time with patients and less time on documentation. With Compulink's Advantage/EHR™, you'll not only save time, but we'll ensure you can qualify for up to \$64,000 in incentives and comply with federal EHR mandates. More than just documentation software, Advantage/EHR™ is a CCHIT Certified® 2011 Ambulatory EHR. It's also the only EHR in the industry to be backed by a *Success Guarantee*. We guarantee you'll be successful with our EHR or we'll refund your full investment! With over 15 years experience in EHR, Compulink can offer you a documentation solution that goes beyond SOAP notes to help ensure you're compliant and successful with the EHR!

#### ■ **Easy to Use • Web-based • Affordable.**

With our web-based, hosted solution, Advantage Online™, you get instant access to the most feature-rich, comprehensive chiropractic software in the industry without the cost and complexity of maintaining hardware and software! Convenient, cost-effective and secure, Advantage Online allows you to be up and running - and seeing a positive impact on your business - in a fraction of the time setting up your own network would require.

#### ■ **Compulink-Your Business Partner • More than Just Software**

At Compulink, we're dedicated to getting you real results. We offer the industry's best training, technical support and utilization services to help you get the most from your investment in EHR and Practice Management.
