

ophthalmology ADVANTAGE

EHR & Practice Management Solution

Ophthalmology Advantage is the only Ophthalmic Electronic Health Records (EHR) & Electronic Practice Management Solution that's specifically designed to help you spend less time managing your practice and more time managing patient care. Affordable, comprehensive and easily customized to support your unique needs, Advantage allows you—and your staff—to be more efficient. With Ophthalmology Advantage you'll do more, earn more and provide better care.

Be a Better Doctor... Provide Better Care

"Compulink Advantage has helped me to practice better medicine. Our practice has used EHR since 2005 and I would not go back to paper."

James E. Silone, Jr., D.O.

What Makes Us Different?

- **Compulink's Advantage/EHR™ is a CCHIT® 2011 Ambulatory EHR***
- **Ophthalmology Advantage automates your entire workflow**
Advantage saves you and your staff more time by streamlining and automating every task within your practice. Scheduling, billing, insurance claims, AR/financial reporting, Optical POS, inventory management, EHR and even ASC management - Advantage handles it all in one seamless, integrated system.
- **Ophthalmology Advantage works the way your practice works**
*Advantage also includes powerful features to help you automate and monitor more of your business including: Smart Functions, to automate repetitive tasks (data entry, calculations, sending email, etc...); and Compulink *PracticeWatch™*, to monitor and alert you to key business activities (e.g. overdue collections) and help you take corrective action.*
- **Ophthalmology Advantage works the way your practice works**
Ophthalmology Advantage is the industry's only fully customizable Practice Management and EHR solution. Screens, workflows, databases, reports and documents—all can be tailored to meet your unique needs and to support the way you practice medicine. It's this flexibility that makes Advantage easy-to-use, easy-to-learn and helps ensure your practice will be successful with Practice Management and EHR.
- **With Ophthalmology Advantage you'll be successful with EHR**
***We're EHR experts!** We have over 15 years experience in EHR technology and have helped thousands of ophthalmic practices implement EHR. We have the tools, training, planning, and management expertise to help ensure that your practice can cost-effectively and successfully move to EHR.*
- **Ophthalmology Advantage is backed by Compulink**
As your business partner, we are dedicated to getting you real results. We offer the industry's best training & technical support, plus Utilization services to help you get the most from your investment in a Practice Management software solution.

**Used by
3000+ Ophthalmic Practices & 12 Universities**
