

# psych ADVANTAGE™

## EHR & Practice Management Solution

*Psych Advantage is the only totally integrated and fully customizable Electronic Health Records (EHR) & Practice Management solution designed specifically for mental health professionals. Advantage is ideal for the solo or small group private practice provider, and easily scales to meet the needs of larger group practices.*

## Save Time Increase Collections

*"Compulink has provided us with an excellent, comprehensive tool that covers every aspect of health record maintenance we could ask for."*

*Jonathan R. Ucab  
La Paz Community Health Care  
Center, Inc.  
San Antonio, TX*

## Simplify Clinical Documentation

### ***What Makes Us Different?***

#### ■ **Totally Integrated Scheduling, Billing & EHR**

*Psych Advantage* automates the flow of information through your entire office with a single integrated system. From appointment scheduling and billing to financial reporting, electronic medical records and e-Prescribing, Advantage does it all!

#### ■ **Fully User Customizable. Adapts to Your Workflow**

*Psych Advantage* is the industry's only fully customizable EHR and Practice Management system. Screens, databases, reports, document and even business rules - all can be easily tailored by you and your staff to meet your exact needs!

#### ■ **Our EHR is CCHIT Certified**

Organize your clinical documentation and ensure you can qualify for up to \$64,000 in incentives with our CCHIT Certified® 2011 Ambulatory EHR. Backed by our exclusive *EHR Success Guarantee* - we guarantee you'll be successful with our EHR or we'll refund your full investment!

#### ■ **Available as a Web-based Solution**

No IT resources? Using our web-based hosted solution, Advantage Online™ enables instant secure access to the most feature-rich, comprehensive software in the industry - eliminating the cost and complexity of maintaining hardware and software!

#### ■ **Compulink - Your Business Partner**

At Compulink, we are dedicated to getting you real results. We offer the industry's best training, technical support and utilization services to help you get the most from your investment.
